Sir,

I have the honour to submit for the orders of the Chief Commissioner the following statement regarding Educational Grants-in-aid, with a view to the disposal of the available balance, under orders of the Government of India in despatch of the Home Dept No 167 dated 15th September 1875

2. The budget-provision for 1877-8 amounts to Rs48500, or Rs 47000 for continuous monthly grants and Rs 1500 for building grants. The total cost of grants now in operation (omitting those suspended) is — Rs 46122 There is thus an amount of Rs 878, or Rs 73 a month, at disposal for fresh grants, besides the provision for building grants.

3. The following table exhibits certain details regarding the present distribution of grants It will be seen that next to the Schools under Muhammadan ~~and Hindu~~ management, Government bears the largest share of the expenditure in Wesleyan Schools, there being also but a trifling difference in this respect between them and the Hindu Schools

5 As it is evident that the funds at disposal will not suffice to meet the whole of the grants applied for, I have considered that Girls' Schools should have the preference, those out of Bangalore being placed first of the others, the Old Agrahara School seems to present the strongest claim The increased grants applied for I do not feel prepared to recommend at present The following therefore are what I would submit for sanction, with due reference to what is admissible under the stipulations of the grant in aid rules, and having regard to the reports on the schools made by the inspecting officers —
